Michael Casal

Name: *Michael Casal, Intern, has been with Dunkin & Bush, Inc. for 7 months. Michael started his internship last summer working for Scott Lowrie @ Shell Harbor Island where he learned how to dig ridiculously large holes. Before he could even admire the large mound of dirt, he was given the exciting task of moving the dirt back to fill in the hole. Seriously ask him about it. Michael has the unique benefit of going to the UW so he made arrangements to work in the Corporate Office while still attending classes. Since arriving at the Redmond office Michael has been highly motivated to obtain the elusive "salary" position.*
